- _____. *What Did the Biblical Writers Know & When Did They Know It?* Eerdmans, 2001. (Dever's text is entertaining and informative, even while it promotes an idiosyncratic critique of "minimalism" and Biblicism, promoting a reliable historical core to the Hebrew kingdom. Definitions: "minimalist" is "one who accepts the biblical text only when it can be confirmed from other sources" and "maximalist" is "one who accepts the biblical text unless it can be proved wrong" (23) [Dever draws a distinction between fundamentalists who believe in inerrancy and conservative evangelicals who fit 'maximal conservative' approach, pp. 22-24]. The short answer to the question asked in the book's title is: "They knew a lot, and they knew it early" [295]. One of the more sensible themes is seeing the biblical writers as being part of the religious establishment which, often times, was a minority in the face of polytheistic synchronistic mass folk religion [see, e.g., 270]. Dever often refers to the outlook of the biblical writings as propaganda and the like. Dever's presentation of ancient Israel's religion according to archaeology is presented on pages 175-202, which includes his view of biblical monotheism emerging out of Canaanite-like religions [see the titles of his other writings above].)

- Sparks, Kenton L. *Ancient Texts for the Study of the Hebrew Bible: A Guide to the Background Literature*. Hendrickson, 2005. (This guide is organized around genres, one per chapter, and each genre treated ancient society by society [e.g., Mesopotamia]. The conclusion of each chapter offers a discussion of how the ancient literature relates to the Hebrew Bible, which is followed by a bibliography noting translations and key secondary literature. The book is based upon Sparks' course on the Hebrew Bible and ancient Near Eastern literature at Eastern University, each chapter/week focusing on another genre. This would be a helpful resource to check out of or use in the library for a student who is doing work on ancient Near Eastern writings and the Hebrew scriptures. This book would likely gather dust on the shelf of the busy preacher unless sermon preparation sometimes

- included rereading ancient Near Eastern texts, in which case this volume would save much time.)
